Per the Balanced Budget Act of 1997, 42 CFR 438.114, 422.113 and 422.133, the following conditions apply with respect to coverage and payment of emergency and post stabilization services:

ADHS must ensure coverage and payment for emergency medical services for behavioral health recipients regardless of whether the provider that furnishes the service has a contract with ADHS or the subcontractors.

ADHS must ensure that payment is not denied for treatment obtained under either of the following circumstances:

1. A behavioral health recipient had an emergency medical condition, including cases in which the absence of medical attention would not have resulted in the outcomes identified in the definition of emergency medical condition CFR 438.114.
2. A representative of ADHS (an employee, subcontractor or provider) instructs the behavioral health recipient to seek emergency medical services.

Additionally, ADHS may not:

1. Limit what constitutes an emergency medical condition as defined in CFR 438.114(d)(1)(i), on the basis of lists of diagnoses or symptoms.
2. Refuse to cover emergency medical services based on the failure of the provider, hospital, or fiscal agent to notify ADHS or the subcontractors of the behavioral health recipient's screening and treatment within 10 calendar days of presentation for emergency services. This notification stipulation is only related to the provision of emergency services. [42 CFR 438.114(d)(1)(ii)]

A behavioral health recipient who has an emergency medical condition may not be held liable for payment of subsequent screening and treatment needed to diagnose the specific condition or stabilize the patient. [42 CFR 438.114(d)(2)]

The following conditions apply with respect to coverage and payment of post-stabilization care services. ADHS must cover and pay for post-stabilization care services without authorization, regardless of whether the provider that furnishes the service has a contract with ADHS or the subcontractors, for the following situations:

3. ADHS or the subcontractor's representative and the treating physician cannot reach agreement concerning the member's care and an ADHS or subcontractor physician is not available for consultation. In this situation, ADHS or the subcontractor must give the treating physician the opportunity to consult with a contracted physician and the treating physician may continue with care of the member until a contracted physician is reached or one of the criteria in CFR 422.113(c)(3) is met.

Pursuant to CFR 422.113(c)(3), ADHS or the subcontractor's financial responsibility for post-stabilization care services that have not been pre-approved ends when:

1. An ADHS or Subcontractor's physician with privileges at the treating hospital assumes responsibility for the member's care;
2. An ADHS or Subcontractor's physician assumes responsibility for the member's care through transfer;
3. A representative of ADHS or the subcontractor and the treating physician reach an agreement concerning the member's care; or
4. The member is discharged.

[42 CFR 438.208(c)(2) and (3)]
- b. A clinician deemed competent, privileged and credentialed by ADHS is assigned and responsible for providing clinical oversight, working in collaboration with the member and his/her family or significant others to implement an effective treatment plan, and serving as the point of contact, coordination and communication with other systems where clinical knowledge of the case is important. [42 CFR 438.208(b)(1)]
- c. Responsibility is defined or assigned to ensure the following activities are performed as part of the service delivery process:

- c. ADHS shall ensure the completeness and accuracy of utilization management data reported to AHCCCSA.
- d. ADHS shall have mechanisms in place to monitor and evaluate over and/or underutilization of services. [42 CFR 438.240(b)(3)]
- e. ADHS shall actively monitor and analyze case management utilization and cost data by subcontractor and program type.
- f. For the processing of requests for initial and continuing authorizations of services for hospitals, mental hospitals, and inpatient psychiatric facilities (residential treatment centers and sub-acute facilities), ADHS shall have in effect mechanisms to ensure consistent application of review criteria for authorization decisions, and for consultation with the requesting provider when appropriate. [42 CFR 438.210(b)(1) and (2)]
- g. Medical Care Evaluation (MCE) Studies: ADHS shall ensure that network inpatient facilities (including inpatient hospitals and mental hospitals) conduct MCE studies which meet the requirements of 42 CFR Part 456 subparts C and D, and that inpatient psychiatric facilities (including RTCs and sub-acute facilities) conduct MCE studies which meet the same requirements. ADHS shall develop a process for annual review of subcontractors' analyses of results of facility MCE studies. ADHS will ensure results are used to improve member care and services and to assess the provider facility performance.
- h. ADHS shall ensure that there are processes to monitor lengths of stay for Title XIX and Title XXI behavioral health recipients age 21 through 64 placed in Institutions for Mental Disease to ensure that Title XIX and Title XXI reimbursement is not made for days exceeding 30 per admission or 60 days per contract year.

ADHS is required to submit complete, accurate and timely utilization management deliverables as described in this contract.

22. QUALITY PERFORMANCE STANDARDS

All performance standards described below apply to all Title XIX and Title XXI members and services.

ADHS must meet, and ensure that each subcontractor meets, AHCCCS Minimum Performance Standards. [42 CFR 438.240(b)(1), (2), and (d)(1)] It is equally important that ADHS ensures continually improved performance measure outcomes from year to year, as defined by the AHCCCS Medical Policy Manual (AMPM). ADHS shall strive to meet the ultimate standard, or Benchmark, established or approved by AHCCCS. Any statistically significant drop in ADHS' or a subcontractor's performance level for any measure must be explained by ADHS in its Annual Quality Management Plan. If ADHS has a statistically significant drop in any measure without a justifiable explanation, ADHS will be required to submit a corrective action plan to AHCCCS, and may be subject to sanctions until an adequate level of performance is achieved.

AHCCCS has established three levels of performance:

- a. **Minimum Performance Standard** – A Minimum Performance Standard is the minimally expected level of performance by ADHS. If ADHS does not achieve this standard or any measure declines to a level below the AHCCCS Minimum Performance Standard, ADHS will be required to submit to AHCCCS a corrective action plan and may be subject to sanctions. [42 CFR 438.240(d)(2)]
- b. **Goal** – A Goal is a reachable standard for a given performance indicator for the Contract Year. If ADHS has already met or exceeded the AHCCCS Minimum Performance Standard for any, measure ADHS must strive to meet the Goal for the indicator.
- c. **Benchmark** – A Benchmark is the ultimate standard to be achieved. If ADHS has already achieved or exceeded the Goal for any performance measure, ADHS must strive to meet the Benchmark for the measure. If ADHS has achieved the Benchmark, ADHS is expected to maintain this level of performance for future years.

Should ADHS not show demonstrable and sustained improvement toward meeting AHCCCS established or approved Performance Standards, ADHS shall develop a corrective action plan. The corrective action plan must be received by AHCCCS within 30 days of receipt of notification from AHCCCS. This plan must be approved by AHCCCS prior to implementation. AHCCCS may conduct one or more follow-up onsite reviews or other audit processes to verify compliance with a corrective action plan. Failure to achieve adequate improvement may result in sanction imposed by AHCCCS.

ADHS shall require a corrective action from any subcontractor not showing demonstrable and sustained improvement toward meeting AHCCCS Minimum Performance Standards.

ADHS shall require a corrective action plan from, and may impose sanctions on, any subcontractor when:

1. The subcontractor does not achieve the minimum standard for any measure for two consecutive years;
2. The subcontractor's performance for any measure declines to a level below the AHCCCS Minimum Performance Standard;
3. There is a statistically significant drop in the subcontractor's performance on any measure without a justifiable explanation.

ADHS shall report performance to AHCCCS on performance measures by subcontractor (for access to care standards) and by GSA (for standards measured through Independent Case Review (ICR)) for Title XIX/Title XXI adults and for Title XIX/Title XXI, children and by the overall statewide averages for adults and children combined.

AHCCCS shall require corrective action plans from and may impose sanctions on ADHS, as described above, based on ADHS' performance, which is interpreted to mean the statewide average performance of the subcontractors weighted by GSA.

ADHS shall submit to AHCCCS, as part of the Annual Quality Management Plan, an analysis of the subcontractor(s) corrective action plan(s) and a summary of ADHS' actions taken and planned, to ensure that the subcontractor(s) not meeting standards, are making progress toward meeting the standards.

Performance Indicators: For CYE 2006, ADHS shall ensure compliance with AHCCCS' quality management requirements to improve performance for all AHCCCS established performance measures/aspects of care. Specifically, ADHS shall ensure that affirmative steps are taken to attain and sustain performance at, or above, the minimum performance standard established for each of the following aspects of care:

Referral from and coordination of care with AHCCCS Acute Care contractor primary care providers

A disposition is sent to the PCP within 30 days of the initial assessment. If a member declines behavioral health services, ADHS shall ensure communication of the final disposition to the referral source within 30 days of referral.

Behavioral health service providers communicate with and attempt to coordinate care with the member's PCP. The providers forward records (copies or summaries of relevant information) of each Title XIX and Title XXI member are forwarded to the member's PCP as needed to support quality medical management and prevent duplication of services. At a minimum, for all members who are behavioral health recipients who are referred by the PCP or are determined by ADHS to have a serious mental illness, the member's diagnosis and prescribed medications must be provided to the PCP. Information must be provided to the PCP upon request for any behavioral health recipient.

Sufficiency of assessments

Assessments are sufficiently comprehensive for the development of functional treatment recommendations.

Member/family involvement in developing treatment recommendations

Staff actively engage members/families in the treatment planning process.

Cultural competency

Members'/families' cultural preferences are assessed and included in the development of treatment plans.

Appropriateness of services

The types and intensity of services, including case management, are provided based on the member's assessment and treatment recommendations.

Informed consent:

Members and/or parents/guardians are informed about and give consent for prescribed medications.

Quality clinical outcomes

There is evidence of positive clinical outcomes for members receiving behavioral health services.

The following table identifies the Minimum Performance Standards, Goals and Benchmarks for each required aspect of performance:

Aspect of Performance	How Measured	CYE-07 Minimum Performance Standard	CYE-07 Goal	CYE-07 Benchmark

23. OPERATIONAL AND FINANCIAL REVIEWS

In accordance with CMS Special Terms and Conditions and the BBA requirements, AHCCCSA, or an independent external agent, will conduct annual Operational and Financial Reviews of the quality outcomes, timeliness of, and access to the services covered under this contract for the purpose of (but not limited to) ensuring structural, operational and financial program compliance for Title XIX and Title XXI programs. The reviews will be performed consistent with CMS Protocols For External Quality Review of Medicaid Managed Care Organizations and Prepaid Inpatient Health Plans to identify areas where improvements can be made and make recommendations accordingly, monitor ADHS' progress towards implementing mandated programs and provide ADHS with technical assistance, if necessary. ADHS shall comply with all other medical audit provisions as required by AHCCCS. [42 CFR 438.204]

The type and duration of the Operational and Financial Review will be solely at the discretion of AHCCCSA and may include AHCCCSA participation in reviews of ADHS contractors. Except in cases where advance notice is not possible or advance notice may render the review less useful, AHCCCSA will give ADHS at least three weeks advance notice of the date of the on-site review or intent to accompany ADHS on contractor reviews. In preparation for the on-site Operational and Financial Reviews, ADHS shall cooperate fully with AHCCCSA and the AHCCCSA Review Team by forwarding in advance such policies, procedures, job descriptions, contracts, logs and other information that AHCCCSA may request. ADHS shall have all requested medical records available. Any documents not requested in advance by AHCCCSA shall be made available upon request of the Review Team during the course of the review. ADHS personnel as identified in advance shall be available to the Review Team during AHCCCSA on-site review activities. While on-site, ADHS shall provide the Review Team with workspace, access to a telephone, electrical outlets and privacy for conferences.

ADHS will be furnished a copy of the Operational and Financial Review Report and given an opportunity to comment on any review findings prior to AHCCCSA publishing the final report. Operational and Financial Review findings may be used in the evaluation of subsequent service proposals by ADHS. Findings of the report will be made available by AHCCCS as required by 42CFR 438.364. Recommendations made by the Review Team and approved ADHS corrective action plans to bring ADHS into compliance with federal, state, AHCCCS, and/or contract requirements must be implemented by ADHS. ADHS shall provide a written update on corrective action plan activities six months following the approval of the corrective action plan submitted as a result of the Operational and Financial Review. AHCCCSA may conduct a follow-up Operational and Financial Review to determine ADHS' progress in implementing recommendations and achieving program compliance. Follow-up reviews may be conducted at any time after the initial Operational and Financial Review.

AHCCCSA may conduct an Operational and Financial Review in the event ADHS undergoes a reorganization or makes changes in three or more key staff positions within a 12-month period.

24. PERIODIC REPORT REQUIREMENTS

AHCCCSA, under the terms and conditions of its CMS grant award, requires periodic reports, encounter data, and other information from ADHS. The submission of late, inaccurate, or otherwise incomplete reports shall constitute failure to report subject to the penalty provisions described in this contract. Standards applied for determining adequacy of required reports are as follows: [42 CFR 438.242(b)(2)]

1. Timeliness - Reports or other required data shall be received on or before scheduled due dates.
2. Accuracy - Reports or other required data shall be prepared in strict conformity with appropriate authoritative sources and AHCCCS defined standards.
3. Completeness - All required information shall be fully disclosed in a manner that is both responsive and pertinent to report intent with no material omissions.

AHCCCS requirements regarding reports, report content and frequency of submission of reports are subject to change at any time during the term of the contract. ADHS shall comply with all changes specified by AHCCCSA.

ADHS shall be responsible for continued reporting beyond the term of the contract. For example, processing claims and reporting encounter data will likely continue beyond the term of the contract because of lag time in the filing of source documents by subcontractors.

In addition to its own reporting requirements, ADHS is also solely responsible under this contract for all subcontractor and provider reporting requirements as stated within this document as well as all other documents incorporated by reference. In cases where ADHS receives reports directly from subcontractors, ADHS shall be responsible for analyzing the information, verifying it is accurate (resolving discrepancies, if needed) and developing a summary report, if appropriate, prior to submitting the required information to AHCCCSA. ADHS shall monitor subcontractors, taking corrective action if needed, to ensure required reports are accurate, complete and submitted on time. ADHS is responsible for submitting to AHCCCSA during the term of this contract the periodic reports listed and described in detail in Attachment C, Periodic Reports.

25. RECORDS RETENTION

ADHS shall maintain books, records and documents in either traditional or electronic formats relating to covered services and expenditures including reports to AHCCCSA and working papers used in the preparation of reports to AHCCCSA. ADHS shall comply with all specifications for record keeping established by AHCCCSA. All books and records shall be maintained to the extent and in such detail as required by AHCCCS Rules and policies. Records shall include but not be limited to financial statements, records relating to the quality of care, medical records, prescription files and other records or documents specified by AHCCCSA.

ADHS agrees to make available at its office at all reasonable times during the term of this contract and the period set forth below any of its records for inspection, audit or reproduction by any authorized representative of AHCCCSA, state or federal government. [42 CFR 438.242(b)]

ADHS shall preserve and make available all records for a period of six years [45 CFR 164] from the date of final payment under this contract except as provided in paragraphs (a) and (b) below:

- a. If this contract is completely or partially terminated the records relating to the work terminated shall be preserved and made available for a period of five years from the date of any such termination.
- b. Records which relate to grievances, disputes, litigation or the settlement of claims arising out of the performance of this contract, or costs and expenses of this contract to which exception has been taken by AHCCCSA, shall be retained by ADHS for a period of five years after the date of final disposition or resolution thereof.

26. FINANCIAL OPERATIONS

ADHS shall ensure that it and each subcontractor has a system to produce complete, timely, reliable and accurate financial records in accordance with contract requirements for financial reporting. ADHS shall test the accuracy of subcontractor reported service expenditures by comparing quarterly encounter value to service dollars paid to the RBHAs. ADHS shall provide AHCCCSA with a copy of the comparison one hundred thirty-five (135) days after the end of the quarter. ADHS shall strive to meet the statewide benchmark.

Aspect of Performance	How Measured	Minimum Performance Standard	Benchmark Performance Standard
1 st Quarter service expenditures	Compare service encounters at the RBHA paid amount to Total Service Dollars paid to the RBHA	35%	70%
YTD service expenditures at 2 nd Quarter	Compare service encounters at the RBHA paid amount to Total Service Dollars paid to the RBHA	45%	75%
YTD service expenditures at 3 rd Quarter	Compare service encounters at the RBHA paid amount to Total Service Dollars paid to the RBHA	55%	80%
YTD service expenditures at 4 th Quarter	Compare service encounters at the RBHA paid amount to Total Service Dollars paid to the RBHA	65%	85%
6 to 9 months after Year end	Compare service encounters at the RBHA paid amount to Total Service Dollars paid to the RBHA	85%	85%

Each subcontractor shall design and implement its financial operations system to ensure compliance with Generally Accepted Accounting Principles. Each subcontractor shall also file with ADHS an annual (more frequently if required by ADHS) CMS approved disclosure statement and related party transactions statement. ADHS shall evaluate all such statements to ensure that they conform to CMS requirements and, through its periodic audit and review procedures, shall ensure that the statements are complete and accurate. ADHS shall take immediate corrective action upon discovery of any failure to meet contract requirements.

27. FINANCIAL VIABILITY STANDARDS/PERFORMANCE GUIDELINES

AHCCCSA and ADHS have established the following financial viability standard/performance guidelines. These guidelines are analyzed as part of AHCCCSA’s due diligence in contract oversight. On a quarterly and annual basis, AHCCCSA will review, among other items, the following:

Aspect of Performance	How Measured	CYE 07 Minimum Performance Standard	CYE-07 Goal	CYE-07 Benchmark

28. CAPITATION

AHCCCSA will make monthly capitation payments to ADHS in advance of the performance of services under this contract. Separate capitation payments will be made as follows:

- a. The capitation payment for Title XIX eligible children, under the age of 18, which represents the cost of providing covered behavioral health services to Non-CMDP children.
- b. The capitation payment for Title XIX waiver group eligible children, under the age of 18, and whose family income is up to one hundred percent (100%) of the FPL, which represents the cost of providing covered behavioral health services to Non-CMDP children.
- c. The capitation payment for Title XIX eligible children, under the age of 18, which represents the cost of providing covered behavioral health services to CMDP children.
- d. The capitation payment for Title XIX waiver group eligible children, under the age of 18, and whose family income is up to one hundred percent (100%) of the FPL, which represents the cost of providing covered behavioral health services to CMDP children.
- e. The capitation payment for Title XIX eligible adults, age 18 and older, which represents the cost of providing covered behavioral health services to SMI adults.
- f. The capitation payment for Title XIX waiver group eligible adults, age 18 and older, and whose family income is up to one hundred percent (100%) of the FPL, which represents the cost of providing covered behavioral health services to SMI adults.
- g. The capitation payment for Title XIX eligible adults, age 18 and older, which represents the cost of providing covered behavioral health services to non-SMI adults.

- h. The capitation payment for Title XIX waiver group eligible adults, age 18 and older, and whose family income is up to one hundred percent (100%) of the FPL, which represents the cost of providing covered behavioral health services to non-SMI adults.
- i. The capitation payment for Title XXI eligible children under age 18 which represents the cost of providing covered behavioral health services to children.
- j. The capitation payment for Title XXI eligible adults, age 18, which represents the cost of providing covered behavioral health services to SMI and non-SMI adults.
- k. The capitation payment for Title XXI waiver group eligible adults, age 18 and older, and whose family income is up to two hundred percent (200%) of the FPL, which represents the cost of providing covered behavioral health services to SMI adults.
- l. The capitation payment for Title XXI waiver group eligible adults, age 18 and older, and whose family income is up to two hundred percent (200%) of the FPL, which represents the cost of providing covered behavioral health services to non-SMI adults.

ADHS shall not, without prior approval of AHCCCSA, make any advances (not withstanding regularly scheduled capitation payments to RBHAs or transfers to AHCCCS for tribal fee for service payments) to a related party or subcontractor. ADHS shall not, without similar approval, make any distribution, loan or loan guarantee to any entity, including another fund or line of business not covered by this contract, within its organization. All requests for prior approval are to be submitted to the Division of Health Care Management. ADHS is required to provide AHCCCSA with a monthly report showing distribution of capitation to subcontractors. This report is due to AHCCCSA within forty-five (45) days from receipt of capitation from AHCCCSA.

For each of these groups, the capitation amount will be based on the number of Title XIX and Title XXI members as of the monthly capitation processing. The capitation received shall represent payment in full for any and all covered services provided to eligible Title XIX and Title XXI members, including all administrative costs of ADHS, subcontractor and provider during the month. Payment will be deposited as near to the first day of the month as is practicable except that payment will not be deposited later than the fifth business day of the month for which payment is due.

ADHS shall receive additional payments such as lien recoveries and third party payments to which it is entitled pursuant to AHCCCS Rules and AHCCCS policies and procedures.

Because the capitation payment will be calculated based on the number of Title XIX and Title XXI members on the first day of each month, no adjustments will be made for members who are (1) eligible after the beginning of the month's payment cycle, or (2) ineligible after the beginning of the month's payment cycle. However, if ADHS is in any manner in default in its performance under this contract, AHCCCSA may, at its option and in addition to other remedies, adjust the amount of payment until there is satisfactory resolution of the default.

If ADHS intends to offer reinsurance to the subcontractors, ADHS shall submit the details of such proposed reinsurance to AHCCCSA for approval prior to its proposed effective date.

ADHS shall provide AHCCCSA with documentation relevant to the capitation rate calculation and is responsible for developing proposed capitation rates to be paid by AHCCCSA for Title XIX and Title XXI members. ADHS must submit proposed capitation rates and supporting documentation to AHCCCSA no later than April 15 of each year. If AHCCCSA does not receive a proposal and supporting documentation from ADHS for updating capitation rates, AHCCCSA will use available information to update the rates or, if sufficient data is not available, will maintain rates at existing levels. Neither ADHS nor AHCCCS will consider costs of non-covered services in development of capitation rates. [42 CFR 438.6(e)]

These rates are developed based on costs, encounters, and utilization information as reported by ADHS. AHCCCSA may request ADHS to perform reevaluations of the capitation rates if AHCCCSA receives information which varies significantly from the information used to calculate the rates. This change may result in a retrospective rate increase or decrease. Annually, by February 1st, ADHS shall submit to AHCCCS a report analyzing current activity against significant or key assumptions used in development of the previous year capitation rates. The scope of such a report will be mutually agreed upon by ADHS and AHCCCS.

Attachment E, Shared-Risk Methodology, contains a detailed description of the retroactive review and potential retrospective and prospective adjustments of capitation rates.

29. METHOD OF PAYMENT

Compensation: The method of compensation under this contract shall be prepaid capitation as described herein. AHCCCSA shall transfer the capitation payments, both federal and state match, to ADHS, in accordance with General Accounting Office guidelines, the Cash Management Improvement Act (CFR 31, Part 205) and the State's Cash Management Improvement Act contract provisions.

Payments made by AHCCCSA to ADHS are conditioned upon the receipt by AHCCCSA of applicable, timely, accurate and complete reports required to be submitted by ADHS under this contract.

All funds received by ADHS and the subcontractors pursuant to this contract shall be separately accounted for in accordance with generally accepted accounting principles and procedures.

The legislative authorization for payments made under this contract governs the source of the state match that is required in order to draw Federal Financial Participation. The following are the programs funded under this contract and the source of the state match:

Program	State Match Source
1. Title XIX – Acute Care Base	ADHS
2. Title XIX – Acute Care Expansion	ADHS
3. Ticket to Work	AHCCCSA
4. Breast & Cervical Cancer	AHCCCSA
5. Title XXI – Children	AHCCCSA
6. Title XXI – SOBRA and KidsCare Parents	AHCCCSA

An error discovered by the state with or without an audit in the amount of fees paid to ADHS will be subject to adjustment or repayment by ADHS by making a corresponding decrease in a current payment or by making an additional payment by AHCCCSA to ADHS.

No payment due to ADHS by AHCCCSA may be assigned by ADHS. This section shall not prohibit AHCCCSA at its sole option from making payment to a fiscal agent hired by ADHS.

Federal Financial Participation is not available for amounts expended for providers excluded by Medicare, Medicaid, or SCHIP, except for emergency services. [Section 1932(d)(4) of the Social Security Act]

Establishment of IGA Fund: ADHS shall, on an annual basis, transfer to AHCCCSA the total amount appropriated for the state match for Title XIX behavioral health expenditures and for the ADHS share of Medicare phase-down payments to CMS as required by the Medicare Prescription Drug, Improvement and Modernization Act of 2003 (MMA). This transfer shall be made in its entirety prior to the first Title XIX disbursement. If ADHS is unable to roll forward its entire fiscal year allotment prior to the due date of the first Title XIX disbursement, AHCCCSA will accept the receipt of the first quarter's allotment for the first capitation payment. However, the remainder of the annual state match requirement must be received before subsequent payments are made. AHCCCSA shall deposit the monies transferred into an Intergovernmental Agreement (IGA) Fund over which AHCCCSA shall have sole disbursement authority.

Beginning in January 2006, AHCCCSA will use monies in the IGA Fund to make monthly disbursements to CMS for the ADHS share of Medicare phase-down payments made in accordance with the MMA for drug benefit costs assumed by Medicare for full dual eligible members. Payments amounts will be made in a manner specified by CMS. AHCCCSA will notify ADHS if additional monies are required to be deposited into the IGA Fund.

When AHCCCSA draws FFP for qualifying ADHS disbursements, including those under separate contract (Contract Number YH03-0025) for Title XIX DES/DDD ALTCS members, AHCCCSA will also withdraw the appropriate state match from the IGA Fund and disburse both the FFP and the state match to ADHS.

AHCCCSA also will use monies in the IGA Fund to make monthly disbursements to CMS for the ADHS share of Medicare phase-down payments made in accordance with the MMA for drug benefit costs assumed by Medicare for full dual eligible members. Payments amounts will be made in a manner specified by CMS.

If AHCCCSA determines that additional monies are required, for the state match payments and/or the phase-down payments, AHCCCSA shall notify ADHS that additional monies must be deposited into the IGA Fund prior to making additional Title XIX disbursements.

If at the end of a fiscal year, and after the close of any administrative adjustments as defined in A.R.S. §35-190 and 191, monies remain in the IGA Fund, AHCCCSA shall notify ADHS and transfer these monies back to ADHS. If it is determined that excess funds exist in the IGA Fund, ADHS may request a withdrawal of monies prior to the end of the fiscal year and/or prior to the close of the administrative adjustment period.

Collection of Co-payments: ADHS or the subcontractors shall collect any permitted co-payment from Title XIX and Title XXI members in accordance with AHCCCS Rules R9-22-711 and 42 CFR 447, but service will not be denied for inability to pay the co-payment. Except for permitted co-payments, ADHS or the subcontractors shall not bill or attempt to collect any fee from, or for, a Title XIX and Title XXI member for the provision of covered services. Any required co-payments collected shall belong to ADHS or the subcontractors, as appropriate. ADHS or the subcontractors shall not bill a member for more than the statutory co-payment amount. Refer to Section D, Paragraph 34, Coordination of Benefits and Third Party Liability, Paragraph 35, Medicare Services and Cost Sharing, and R9-22-702 for exceptions.

Liability for Payment: ADHS must ensure that Title XIX and Title XXI behavioral health recipients are not held liable for:

- a. ADHS or subcontractor's debts in the event of ADHS' or the subcontractor's insolvency; [42 CFR 438.116(a)(1)]
- b. covered services provided to the behavioral health recipient, for which AHCCCS does not pay ADHS and ADHS does not pay subcontractors; or [42 CFR 438.106(b)]
- c. payments to ADHS or subcontractors for covered services furnished under a contract, referral or other arrangement, to the extent that those payments are in excess of the amount the behavioral health recipient would owe if ADHS or the subcontractor provided the services directly. [42 CFR 438.106(a)(b)(c) and 438.230]

Tribal Subcontractor Claims and Encounters: Effective for dates of service October 1, 1998 and later, the AHCCCSA will, on behalf of ADHS, pay claims submitted by providers for behavioral health services provided to Title XIX and Title XXI members who are behavioral health recipients of Tribal subcontractors. Tribal subcontractors (or their providers) are to submit claims directly to AHCCCSA.

- A. Fees. In consideration for the services outlined in this section, ADHS agrees to pay AHCCCSA a fee that will reimburse it for the costs associated with this section. The estimated fee for fiscal year 2006 is \$230,700.00. Payment is to be made quarterly by the fifth business day of the quarter, subject to availability of funds. AHCCCSA reserves the right to suspend or terminate these services if a quarterly payment is not received when due.

AHCCCSA will reconcile the claims volume estimate used to calculate the initial fee with the actual claims volume. If the actual claims volume exceeds 111,500 claims (10% more than the initial estimate), ADHS will reimburse AHCCCSA \$2.28 for each claim in excess of 111,500. If the actual claims volume is less than 91,230 (10% less than the initial estimate), AHCCCSA will reimburse ADHS \$2.28 for the difference between actual claims processed and 91,230. For purposes of this agreement, the estimated number of claims to be processed is 101,370 and the cost per claim is \$2.28.

In addition, ADHS shall be liable for ISD programmer and consultant time to develop a new report, modify existing reports, time for system modifications specific to processing claims associated with this agreement and to attend meetings with ADHS staff. The charge for ISD time billed pursuant to this agreement will be at the rate of \$100 per hour. ADHS shall not be liable for ISD programming or any other costs associated with changes made to the AHCCCSA claims processing system pursuant to the Health Insurance Portability and Accountability Act of 1996 unless such costs are directly associated with the Tribal subcontractor payment process and the only reason for the change is for the processing of Tribal claims. In its role as TPA for ADHS,

AHCCCS shall not hold ADHS liable for ISD programming or any other costs associated with restoring functionality to the AHCCCS system as a result of programming changes that were not requested by ADHS.

- B. Claim Processing Requirements. In accordance with the Balanced Budget Act of 1997 and 42 CFR 447.45:
1. And in accordance with ARS 36-2904 (G), an initial claim for services provided to an AHCCCS recipient must be received by AHCCCS not later than 6 months from the date of service, or six months after the date of eligibility posting, whichever is later. For inpatient claims, “date of service” means the date of discharge of the patient.
 2. AHCCCSA Shall pay all other claims within 12 months of the date of receipt, providing that the original claim was received not later than 6 months from the date of service or six months after the date of eligibility posting, whichever is later, except in the following circumstances:
 - (a) This time limitation does not apply to retroactive adjustments paid to providers who are reimbursed under a retrospective payment system, as defined in 42 CFR 447.272.
 - (b) If a claim for payment under Medicare has been filed in a timely manner AHCCCSA may pay a Medicaid claim relating to the same services within six months after AHCCCSA, ADHS or the provider receives initial notice of the disposition of the Medicare claim.
 - (c) The time limitation does not apply to claims from providers under investigation for fraud or abuse.
 - (d) ADHS may require payments be made at any time in accordance with a court order, to carry out hearing decisions or corrective actions taken to resolve a dispute, or to extend the benefits of a hearing decision, corrective action, or court order to others in the same situation as those directly affected by it.
 - (e) ADHS may require payments to be made at any time in accordance with ADHS’ grievance appeal process.
 3. Pay ninety percent (90%) of all clean claims from practitioners who are in individual or group practice or who practice in shared health facilities, within 30 days of receipt, and
 4. Pay ninety nine percent (99%) of all clean claims from practitioners who are in individual or group practice or who practice in shared health facilities, within 90 days of the date of receipt.
- C. Provider Assistance and Training: AHCCCSA Provider Assistance and Provider Registration staff will be available to assist the Tribal subcontractor’s behavioral health providers with registration, claims processing, research, and overall AHCCCSA claims submission and training as outlined in the AHCCCS Fee-for-Service Manual. Such training is to be provided at AHCCCSA’s Phoenix Office. If AHCCCSA is required to travel for training, ADHS will reimburse AHCCCSA for reasonable and necessary travel costs including, but not limited to, transportation and per diem payments.

Claims Data and Reports: AHCCCSA shall provide ADHS with the following deliverables:

Report or File	Frequency
Paper remittance advices	Per claim processing cycle
Claims aging report	Monthly
Encounter data ¹	Monthly
Report of Claims Processed ²	Monthly

¹New Day or other electronic file format agreed to between AHCCCSA and ADHS.

²This report is to include: (a) the number and dollar amount of claims paid, denied, and voided by form type and (b) the top five denial reasons by form type.

- D. Financial Functions: AHCCCSA shall provide ADHS with the “Payment Register by Group Pay” along with the AFIS status of Grant report on a weekly basis. This report should be adjusted to reflect the current or weekly pay cycle for Tribal subcontractor claims processed. Payment of the claims is contingent upon sufficient ADHS funds being set aside and made available to AHCCCSA in advance.

30. CAPITATION RECOUPMENT

Any recoupments imposed by the federal government and passed through to ADHS shall be reimbursed to AHCCCSA upon demand.

31. BUDGET CAP

AHCCCSA will not be responsible for costs incurred by ADHS which exceed the budget cap associated with its legislative appropriation.

32. TERM OF AUTHORIZATION

Federal funds provided under the annual authorization addressed above shall be available for the term defined in the annual authorization. If at any time during the term of this contract ADHS determines that the funding authorization is insufficient, ADHS shall notify AHCCCSA in writing and shall include in the notice recommendations as to resolution of the shortage.

33. COST DATA SUBMISSIONS

ADHS shall notify AHCCCSA of problems in the fee schedule, make recommendations to AHCCCSA to change the fee schedule, and provide AHCCCSA with information about providers' costs.

Annually by April 1, ADHS shall provide current provider cost data, financial reports, and any other relevant documentation to support recommendations for updating the fee schedule for behavioral health services. AHCCCSA will use this information as necessary to update the rates. AHCCCSA has approval authority for the fee schedule.

34. COORDINATION OF BENEFITS AND THIRD PARTY LIABILITY

Pursuant to federal and state law, AHCCCS is the payer of last resort. This means AHCCCSA shall be used as a source of payment for covered services only after all other sources of payment have been exhausted. ADHS shall coordinate benefits in accordance with 42 CFR 433.135 et.seq., A.R.S §36-2903, and A.A.C R9-22-1001 et.seq., so that costs for services otherwise payable by ADHS are cost avoided or recovered from a liable first or third-party payer. ADHS may require subcontractors to be responsible for coordination of benefits for services provided pursuant to this contract.

The two methods used in the coordination of benefits are cost avoidance and post-payment recovery. ADHS shall use these methods as described in A.A.C. R9-22-1001 et.seq and federal and state law, See also Section D, Paragraph 35, Medicare Services and Cost Sharing.

Cost Avoidance: ADHS shall take reasonable measures to determine the legal liability of third parties who are liable to pay for covered services. ADHS shall cost-avoid a claim if it establishes the probable existence of a third party or has information that establishes that third party liability exists. However, if the probable existence of third party liability cannot be established or third party liability benefits are not available to pay the claim at the time the claim is filed, ADHS must process the claims.

If a third-party insurer (other than Medicare) requires the member to pay any co-payment, coinsurance or deductible, ADHS is responsible for making these payments, even if the services are provided outside of the ADHS network. ADHS is not responsible for paying coinsurance and deductibles that are in excess of what ADHS would have paid for the entire service per a written contract with the provider performing the service, or the AHCCCS FFS payment equivalent. (ADHS must decide whether it is more cost-effective to provide the service within its network or pay coinsurance and deductibles for a service outside its network. For continuity of care, ADHS may also choose to provide the service within its network.) If ADHS refers the member for services to a third-party insurer (other than Medicare), and the insurer requires payment in advance of all co-payments, coinsurance and deductibles, ADHS must make such payments in advance.

If ADHS knows that the third party insurer will not pay the claim for a covered service due to untimely claim filing, or as the result of the underlying insurance coverage (e.g. the service is not a covered benefit), ADHS shall not deny the service, deny payment of the claim based on third party liability, or require a written denial letter if the service is medically necessary. ADHS shall communicate any known change in health insurance information, including Medicare, to AHCCCS Administration, Division of Member Services, not later than 10 days from the date of

discovery using the approved AHCCCS correspondence. If ADHS does not know whether a particular service is covered by the third party, and the service is medically necessary, ADHS shall contact the third party and determine whether or not such service is covered rather than requiring the member to do so. In the event that the service is not covered by the third party, ADHS shall arrange for the timely provision of the service. (See also Section D, Paragraph 35, Medicare Services and Cost Sharing.)

The requirement to cost-avoid applies to all AHCCCS covered services. In emergencies, ADHS shall provide the necessary services and then coordinate payment with the third-party payer. ADHS shall also provide medically necessary transportation so the member can receive third-party benefits. Further, if a service is medically necessary, ADHS shall ensure that its cost avoidance efforts do not prevent a member from receiving such service and that the member shall not be required to pay any coinsurance or deductibles for use of the other insurer's providers.

Post-payment Recoveries: Post-payment recovery is necessary in cases where ADHS was not aware of third-party coverage at the time services were rendered or paid for, or was unable to cost-avoid.

ADHS may retain up to one hundred percent (100%) of its third-party collections if all of the following conditions exist:

- a. Total collections received do not exceed the total amount of ADHS financial liability for the recipient;
- b. There are no payments made by AHCCCS related to fee-for-service, reinsurance or administrative costs (i.e. lien filing, etc.); and
- c. Such recovery is not prohibited by state or Federal law.

ADHS shall identify all potentially liable third parties and pursue reimbursement from them except ADHS shall not pursue reimbursement in the following circumstances unless the case has been referred to ADHS by AHCCCSA or AHCCCSA's authorized representative:

- a. Uninsured/ underinsured motorist insurance;
- b. First and third-party liability insurance;
- c. Tortfeasors, including casualty;
- d. Restitution Recovery;
- e. Worker's Compensation;
- f. Estate Recovery; and
- g. Special Treatment Trust Recovery.

ADHS shall report to AHCCCSA's authorized representative all cases for which:

- a. Post payment recovery is pursued by ADHS; and
- b. ADHS identifies circumstances a. through g. above.

ADHS shall cooperate with AHCCCSA's authorized representative in all collection efforts.

Reporting: ADHS may be required to report case level detail of third-party collections and cost avoidance including number of referrals on total plan cases. ADHS shall communicate any known change in or addition to health insurance information, including Medicare, to AHCCCSA, Division of Member Services, not later than 10 days from the date of discovery using AHCCCS Approved Third-Party Correspondence.

35. MEDICARE SERVICES AND COST SHARING

AHCCCS has members who are eligible for both Title XIX and Medicare. These members are referred to as "dual eligible". Generally, ADHS is responsible for payment of Medicare coinsurance and/or deductibles for covered services provided to dual eligible members. However, there are different cost sharing responsibilities that apply to dual eligible members based on a variety of factors. ADHS is responsible for adhering to the cost sharing responsibilities presented in the *AHCCCS Medicare Cost Sharing* policy. [42 CFR 447.50 thru 60 and 438.108] ADHS has no cost-sharing obligation if the Medicare payment exceeds what ADHS would have paid for the same service of a non-Medicare member.

36. PROVIDER CLAIMS TIME LIMITS

Unless a shorter period of time is specified in contract, ADHS and the subcontractors shall not pay claims for covered services that are initially submitted more than six months after the date of service, or six months after the date of eligibility posting, whichever is later. In addition, ADHS and the subcontractors shall not pay clean claims which are received more than 12 months after the date of service or 12 months after the date of eligibility posting, whichever is later.

In accordance with the Balanced Budget Act of 1997, ADHS shall ensure that ninety percent (90%) of all clean claims are paid within 30 days of receipt of the clean claim and ninety nine percent (99%) are paid within 90 days of receipt of the clean claim.

37. MIS STANDARDS AND PERFORMANCE CRITERIA

ADHS shall maintain a management information system (MIS) that meets AHCCCSA data processing requirements. AHCCCSA reserves the right to review and approve or disapprove the ADHS MIS or any component therein if AHCCCSA has reasonable concerns regarding its suitability or its ability to support the requirements of this contract. All components of the ADHS MIS shall be made available for review or audit upon request by AHCCCSA. ADHS must seek and acquire prior approval from AHCCCSA whenever it is anticipated that Title XIX and Title XXI funds will be used for systems enhancements, software, hardware or network procurement.

ADHS shall perform a quarterly internal reconciliation of all systems which may contain data on Title XIX and Title XXI members who are (or who may be) determined eligible for behavioral health services to ensure appropriate identification, control and correction of discrepant member information. The reconciliation shall include the client information system, the claims processing system and all other automated systems used by ADHS and the subcontractors in collecting, processing, service reimbursement or reporting of Title XIX and Title XXI member data. ADHS shall notify AHCCCSA of any problems related with the reconciliation, along with corrective action plans, within 30 days of discovering the issue.

If ADHS plans to make any modifications which may affect any of the data interfaces (such as the Daily Eligibility Transaction process), it must first provide AHCCCSA the details of the planned changes, the estimated impact upon the interface process, and unit and parallel test files. ADHS must allow sufficient time for AHCCCSA to evaluate the test data before approving the proposed change. ADHS must also notify AHCCCSA in advance of the exact implementation date of all changes so AHCCCSA can monitor for any unintended side effects of the change.

ADHS shall develop and maintain a health information system that collects, analyzes, integrates, and reports data. The system shall provide information on areas including, but not limited to, service utilization and grievance and appeals. [42 CFR 438.242(a)]

38. DATA EXCHANGE

Encounter Data: ADHS shall submit encounter data and will be assessed penalties for noncompliance with encounter submission standards. The penalties will be applied based on the criteria of timeliness, correctness and omission of data. Penalties also will be applied for failure to timely correct pending encounters. Refer to Attachment B, Encounter Submission Requirements, for a discussion of encounter data validation.

Member Match: ADHS shall transmit to AHCCCSA daily via electronic transfer the names of members who are or were being served by ADHS subcontractors during the past six months. AHCCCSA shall identify any ADHS member who is Title XIX, Title XXI or DDD eligible and provide information back to ADHS. AHCCCSA shall provide ADHS a separate file of all ADHS members who are long-term care eligible. AHCCCSA shall provide a separate file of ADHS members that could not be uniquely identified in the AHCCCSA database for research by ADHS. ADHS may resolve the discrepancies and resend these records for match with AHCCCSA.

AHCCCSA shall provide ADHS a file of ADHS members that were matched to AHCCCSA member database but contain a demographic discrepancy. ADHS shall timely research and resolve the discrepancies to ensure continuation of match process.

AHCCCS shall update ADHS information on matched members to AHCCCSA's member database. AHCCCS shall notify ADHS of matched members who have lost their Title XIX, Title XXI or DDD eligibility.

On a regularly scheduled basis, AHCCCS shall provide a full file of all members that AHCCCSA had previously reported as matched. ADHS shall compare file supplied by AHCCCS to ADHS's member database and identify any inconsistencies. ADHS shall research and resolve the discrepancies. Specifications on the Member Match can be found in the BHS Technical Interface Guidelines.

Third Party Leads/Medicare File (TPL): AHCCCSA shall transmit to ADHS daily via electronic transfer the name of ADHS matched members who have information updated in AHCCCSA's Third Party Lead database and Medicare database. Specification on the TPL File can be found in the BHS Technical Interface Guidelines.

At Risk Population: ADHS shall receive from AHCCCSA monthly via electronic transfer the names and other limited information of all Title XIX and Title XXI eligibles as of the first of each month. The members included in this file were used for the basis of the monthly At Risk capitation. ADHS shall receive the monthly At Risk capitation payment via HIPAA 820 TCS. Specifications on the At Risk Population file can be found in the BHS Technical Interface Guidelines. Specifications on the HIPAA 820 TCS can be found in the HIPAA Trading Partner Agreement.

On a yearly basis, AHCCCS will provide a full TPL file to ADHS.

Health Insurance Portability and Accountability Act (HIPAA): ADHS shall comply with the Administrative Simplification requirements of Subpart F of the HIPAA of 1996 (Public Law 107-191, 110 Statutes 1936) and all federal regulations implementing that Subpart that are applicable to the operations of ADHS by the dates required by the implementing federal regulations.

39. SANCTIONS

AHCCCSA may impose monetary sanctions, regarding this contract or any related subcontracts in accordance with AHCCCS Rules R9-22-606, DHCM's Sanction Policy, the terms of this contract and applicable Federal or State law and regulations. [42 CFR 422.208, 42 CFR 438.700, 702, 704, and 45 CFR 92.36(i)(1)] Written notice will be provided to ADHS specifying the sanction to be imposed, the grounds for such sanction, the length of suspension and/or the amount of sanction. AHCCCS will prepare the AHCCCS side of the (GAO-614) transfer documents and forward them to ADHS to complete its side of the transactions. One transfer will reduce the Federal Share of the capitation payment and the second transfer document is intended for ADHS to account for their state match sanction expenditure funded by a state match source chosen by ADHS. A copy of the transfer document will be sent with the monthly capitation payment to notify ADHS that the sanction has taken place. ADHS may dispute the decision to impose a sanction in accordance with AHCCCS Rules.

Intermediate sanctions may be imposed for, but not limited to, the following actions:

- a. Substantial failure to provide medically necessary services that ADHS is required to provide under the terms of this contract.
- b. Imposition of premiums or charges in excess of the amount allowed under the AHCCCS 1115 Waiver.
- c. Discrimination among behavioral health recipients on the basis of their health status or need for health care services.
- d. Misrepresentation or falsification of information furnished to CMS or AHCCCSA.
- e. Misrepresentation or falsification of information furnished to a member, potential member, or provider.
- f. Distribution, as applicable, directly, or indirectly through any agent or independent contractor, of marketing materials that have not been approved by AHCCCSA or that contain false or materially misleading information.
- g. Failure to meet AHCCCS Financial Viability Standards.
- h. Material deficiencies in ADHS provider network.
- i. Failure to meet quality of care and quality management requirements.
- j. Failure to meet AHCCCS encounter standards.
- k. Violation of other applicable State or Federal laws or regulations.
- l. Failure to fund accumulated deficit in a timely manner.
- m. Failure to require subcontractors to increase the Performance Bond in a timely manner.
- n. Failure to comply with any provisions contained in this contract.

- o. Failure to report third party liability cases as described in paragraph 34.

AHCCCSA may impose the following types of intermediate sanctions:

- a. Civil monetary penalties
- b. Suspension of payment for members after the effective date of the sanction until CMS or AHCCCSA is satisfied that the reason for imposition of the sanction no longer exists and is not likely to recur.
- c. Additional sanctions allowed under statute or regulation that address areas of noncompliance.

Cure Notice Process: Prior to the imposition of a sanction for non-compliance, AHCCCSA may provide a written cure notice to ADHS regarding the details of the non-compliance. The cure notice will specify the period of time during which ADHS must bring its performance back into compliance with contract requirements. If, at the end of the specified time period, ADHS has complied with the cure notice requirements, AHCCCSA will take no further action. If, however, ADHS has not complied with the cure notice requirements, AHCCCSA will proceed with the imposition of sanctions. The Administration shall impose on ADHS any financial penalties or disallowances imposed on the state by the federal government related to ADHS' performance under this Agreement. The imposition of these sanctions upon ADHS shall not be levied until such time as the federal government shall have actually imposed sanctions upon the state for conduct related to ADHS' performance under this Agreement. The Administration shall confer with ADHS concerning defenses or objections to the imposition of such sanctions at all stages of the sanction process. In the event that the federal government imposes sanctions upon the state, ADHS shall reimburse the Administration upon demand, or the Administration will process a transfer (GAO-614) document, any such sanction or disallowance amount or any amount determined by the federal government to be unallowable, after exhaustion of the appeals process (if federal regulations so permit) as long as the federal government does not levy the sanctions until after the appeals process is completed. ADHS shall bear the administrative cost of such an appeals process.

40. GRIEVANCE SYSTEM

ADHS shall have in place a written grievance system for subcontractors, behavioral health recipients and providers, which defines their rights regarding disputed matters with ADHS. ADHS' grievance system for members includes a grievance process (the procedures for addressing member complaints), an appeals process and access to the state's fair hearing process. ADHS shall provide the appropriate personnel to establish, implement and maintain the necessary functions related to the grievance systems process. Refer to Attachments F(1) and F(2) for *Enrollee Grievance System* and *Provider Grievance System Standards and Policy*, respectively.

ADHS may delegate the grievance system process to the subcontractors, however, ADHS must ensure that standards which are delegated comply with applicable Federal and State laws, regulations and policies, including, but not limited to 42 CFR Part 438 Subpart F. ADHS shall remain responsible for compliance with all requirements. ADHS shall also ensure that it timely provides written information to both behavioral health recipients and providers, which clearly explains the grievance system requirements. [42 CFR 438.414 and 438.10(g)(1)] This information must include a description of: the right to a state fair hearing, a method for obtaining a state fair hearing, the rules that govern representation at the hearing, the right to file grievance and appeals, the requirements and timeframes for filing grievance and appeals, the availability of assistance in the filing process, the toll-free numbers that the behavioral health recipient can use to file a grievance or appeal by phone, that benefits will continue when requested by the behavioral health recipient in an appeal or state fair hearing request which is timely filed, that the behavioral health recipient may be required to pay the cost of services furnished while the appeal is pending if the final decision is adverse to the enrollee, and that a provider may file an appeal on behalf of a behavioral health recipient with the behavioral health recipient's written consent. Information to behavioral health recipients must meet cultural competency and limited English proficiency requirements as specified in Section D, Paragraph 6, Member Information, and Paragraph 50, Cultural Competency.

ADHS shall be responsible to provide the necessary professional, paraprofessional and clerical services for the representation of ADHS in all issues relating to the grievance system and any other matters arising under this contract which rise to the level of administrative hearing or a judicial proceeding. Unless there is an agreement with the State in advance, ADHS shall be responsible for all attorney fees and costs awarded in a judicial proceeding.

41. SUBCONTRACTS

ADHS shall be legally responsible for contract performance whether or not subcontracts are used. No subcontract shall operate to terminate the legal responsibility of ADHS to assure that all activities carried out by the subcontractor conform to the provisions of this contract. [42 CFR 438.230(a) and 434.6(c)] Subject to such conditions, any function required to be provided by ADHS pursuant to this contract may be subcontracted to a qualified person or organization. All such subcontracts must be in writing. [42 CFR 438.6(l)] All subcontracts entered into by ADHS with subcontractors are subject to prior review and written approval by AHCCCSA, Contracts and Purchasing, and shall incorporate by reference the terms and conditions of this contract. ADHS and/or the subcontractors shall not contract or subcontract with any individual or entity that has been debarred, suspended or otherwise lawfully prohibited from participating in any public procurement activity or from participating in non-procurement activities under regulations issued under Executive Order No. 12549 or under guidelines implementing Executive Order 12549. [42 CFR 438.610(a), and (b)] Due to security and identity protection concerns, all services under this contract shall be performed within the borders of the United States. All storage and processing of information shall be performed within the borders of the United States. This provision applies to work performed by subcontractors at all tiers. ADHS must timely submit final, signed copies of each contract which it enters into with subcontractors and Tribal subcontractors and any subsequent amendments. ADHS shall require that copies of executed contracts between a subcontractor and service provider shall be made available within five days of a request by AHCCCS. It is ADHS' responsibility to prepare and distribute to all interested parties upon request the subcontractors' contract amendments resulting from federal or state legislative changes or changes in the terms of this contract and to ensure that subsequent provider subcontract amendments are completed in a timely manner.

If ADHS delegates duties or responsibilities to a subcontractor, then ADHS shall establish a written agreement that specifies the activities and reporting responsibilities delegated to the subcontractor. [42 CFR 438.230(b)(2)] The written agreement shall also provide for revoking delegation or imposing other sanctions if the subcontractor's performance is inadequate. [42 CFR 438.230(b)(2)] In order to determine adequate performance, ADHS shall monitor the subcontractor's performance on an ongoing basis and subject it to formal review according to a periodic schedule approved by AHCCCSA. As a result of the performance review, any deficiencies must be communicated to the subcontractor in order to establish a corrective action plan. The results of the performance review and the corrective action plan shall be communicated to AHCCCS upon completion. [42 CFR 438.230(b)(3)]

ADHS shall ensure that compensation to entities that conduct utilization management activities is not structured so as to provide incentives for the subcontractor or provider to deny, limit, or discontinue medically necessary services to any behavioral health recipient. 42 CFR 438.210(e)]

ADHS must ensure that subcontractors enter into a contract with any provider the subcontractor anticipates will be providing services on its behalf except in the following circumstances:

- a. A provider anticipated to provide services less than 25 times during the contract year;
- b. A provider refuses to enter into a contract with the subcontractor, in which case the subcontractor shall submit documentation of such refusal to ADHS within seven days of its final attempt to gain such agreement; or
- c. A provider performs emergency services.

ADHS shall ensure that the following provisions are included in writing in each of its contracts and all further subcontracts with networks and providers. [42 CFR 438.206(b)(1)]

- a. Full disclosure of the method and amount of compensation or other consideration to be received by the subcontractor
- b. Identification of the name and address of the subcontractor
- c. Identification of the population, to include member capacity, to be covered by the subcontractor
- d. The amount, duration and scope of medical services to be provided, and for which compensation will be paid
- e. The term of the subcontract including beginning and ending dates, methods of extension, termination and re-negotiation
- f. The specific duties of the subcontractor relating to coordination of benefits and determination of third-party liability
- g. A provision that the subcontractor agrees to identify Medicare and other third-party liability coverage and to seek such Medicare or third party liability payment before submitting claims to ADHS
- h. A description of the subcontractor's member, medical and cost record keeping system

- i. Specification that the subcontractor shall cooperate with quality management programs and comply with the utilization control and review procedures specified in 42 CFR Parts 441 and 456, as implemented by AHCCCSA
- j. A provision stating that a merger, reorganization or change in ownership of a subcontractor that is related to or affiliated with ADHS shall require a contract amendment and prior approval of ADHS
- k. Procedures for identifying and terminating identification of behavioral health recipients
- l. A provision that the subcontractor shall be fully responsible for all tax obligations, Worker's Compensation Insurance, and all other applicable insurance coverage obligations which arise under this subcontract, for itself and its employees, and that AHCCCSA shall have no responsibility or liability for any such taxes or insurance coverage
- m. A provision that the subcontractor must comply with encounter reporting and claims submission requirements as described in the subcontract
- n. A provision stating the AHCCCS policy on claims processing by subcontractors, and
- o. A provision that emergency services do not need prior authorization and that, in utilization review, the test for appropriateness of the request for emergency services shall be whether a prudent layperson, similarly situated, would have requested such services. For purposes of this contract, a "prudent layperson" is defined as a person without medical training who exercises those qualities of attention, knowledge, intelligence and judgment which society requires of its members for the protection of their own interest and the interests of others. The phrase does not apply to a person's ability to reason, but rather the prudence with which he acts under a given set of circumstances.
- p. For subcontractors conducting utilization management activities, a provision that compensation to individuals or entities that conduct utilization management activities is not structured so as to provide incentives for the individual or entity to deny, limit, or discontinue medically necessary services to any enrollee. [42 CFR 438.210(e)]

ADHS shall ensure that the provisions in Attachment A, Minimum Subcontract Provisions, are included in each subcontract.

42. SUBCONTRACTOR COMPLIANCE WITH CONTRACT REQUIREMENTS [42 CFR 438.6(l)]

ADHS shall include provisions in its subcontracts that allow it to suspend, deny, refuse to renew, or terminate any subcontracts in accordance with the terms of this contract and applicable law and regulations. ADHS may, in addition to these remedies, impose financial sanctions on subcontractors for failure to perform as required, failure to submit timely and accurate reports, engaging in actions which jeopardize Federal Financial Participation or for any other breach of the terms of this contract. Written notice must be provided to the subcontractor specifying the grounds for sanction, the amount of funds to be withheld from capitation payments and steps necessary to avoid future sanctions. Other sanctions may be imposed against the subcontractors and their service providers in accordance with defined ADHS policies. ADHS accepts responsibility for any federal imposed utilization or quality management penalties or disallowances related to behavioral health services.

ADHS shall be held fully liable for the performance of all contract requirements and shall develop and maintain a system for regular and periodic assessment of all subcontractors' compliance with its terms. ADHS shall advise AHCCCSA in writing within five business days of any subcontractor non-compliance and of the corrective measures taken, including the amount and duration of sanctions, to ensure subsequent compliance.

43. COORDINATION AND APPROVAL OF ADHS REQUESTS FOR PROPOSALS

ADHS shall coordinate with AHCCCSA on the development of any Requests for Proposals (RFPs) soliciting offers from entities wishing to contract to provide covered services as described in this contract. The coordination shall be designed to ensure that issues relevant to Title XIX and Title XXI services and members are adequately addressed in the RFPs. ADHS shall submit to AHCCCSA for prior approval copies of all proposed RFPs to be issued to solicit offers to furnish behavioral health services under this contract.

44. CAPITALIZATION REQUIREMENTS FOR SUBCONTRACTORS

Minimum capitalization requirements for subcontractors shall be specified in all Requests For Proposals issued by ADHS to solicit offers from entities, other than direct providers, to furnish behavioral health services under this contract. No more than fifty percent (50%) of the minimum capitalization requirement may be met by an irrevocable letter of credit issued by one of the following:

- a. A bank doing business in this state and insured by the Federal Deposit Insurance Corporation.
- b. A savings and loan association doing business in this state and insured by the Federal Savings and Loan Insurance Corporation.
- c. A credit union doing business in this state and insured by the National Credit Union Administration.

All subcontracts shall include terms necessary to ensure subcontractor financial stability and adequate performance. These terms shall include the maintenance of deposits, performance bonds, financial reserves and other financial security. In lieu of a performance bond or other security requirement, ADHS may, at its discretion, accept evidence that a subcontractor has posted other security, equal to or greater than that required by ADHS, with a state agency for the performance of health service contracts. The funds from such other security must be available to ADHS upon default or nonperformance by the subcontractor.

45. ADHS' RIGHT TO OPERATE SUBCONTRACTOR

All subcontracts shall include terms describing the circumstances under which ADHS would be authorized to step in and operate the subcontractor directly. Where warranted, ADHS shall, after delivering appropriate notice to the deficient subcontractor, operate the subcontractor for only so long as it is necessary to assure delivery of uninterrupted care to members, transition the members to a new subcontractor, or until the deficient subcontractor corrects all deficiencies.

46. DECLARATION OF EMERGENCY

Upon a declaration by the Governor that an emergency situation exists in the delivery of behavioral health services in which the health, safety or welfare of the public will be threatened without intervention by government agencies, ADHS may operate as the subcontractor or undertake actions to negotiate and award, with or without bid, a contract to an entity to operate as subcontractor. Contracts awarded under this section are exempt from the requirements of A.R.S. Title 41, Chapter 23. ADHS shall immediately notify affected subcontractor(s) of its intentions.

47. LABORATORY TESTING SERVICES

ADHS shall require all laboratory testing sites providing services under this contract to have either a Clinical Laboratory Improvement Amendments (CLIA) certificate of waiver or a certificate of registration along with a CLIA identification number. Those laboratories with certificates of waiver shall be limited to providing only the types of tests permitted under the terms of their waiver. Laboratories with certificates of registration may perform a full range of laboratory tests.

48. LEGISLATIVE ISSUES

In addition to the requirements described in this contract, legislative issues which may have an impact on services provided by ADHS on or after November 1, 2005 are briefly described below:

Arizona Early Intervention Program (AzEIP): The Arizona Early Intervention (AzEIP) Program is implemented through the coordinated activities of the Arizona Department of Economic Security (DES), the Arizona Department of Health Services (ADHS), Arizona State Schools for the Deaf and Blind (ASDB), the Arizona Health Care Cost Containment System (AHCCCS), and the Arizona Department of Education (ADE). The AzEIP Program is governed by the Individuals with Disabilities Act (IDEA), Part C (P.L.105-17). AzEIP, through federal regulation, is stipulated as the payor of last resort to Medicaid, and is prohibited from supplanting another entitlement program, including Medicaid.

AHCCCS is currently working with the Department of Economic Security to provide increased Medicaid funding to this program. This may result in additional coordination with the AzEIP program for the Contractors. Any changes will be communicated to the Contractors and may result in a future contract amendment.

49. ADVANCE DIRECTIVES

In accordance with 42 CFR 422.128, ADHS shall maintain policies and procedures addressing advanced directives for adult behavioral health recipients that specify:

- a. Each contract or agreement with a hospital, nursing facility, home health agency, hospice or organization responsible for providing personal care, must comply with Federal and State law regarding advance directives for adult members. Requirements include:
 1. Maintaining written policies that address the rights of adult behavioral health recipients to make decisions about medical care, including the right to accept or refuse medical care, and the right to execute an advance directive. If an agency/organization has a conscientious objection to carrying out an advance directive, it must be explained in policies. ATTACHMENT B: ENCOUNTER SUBMISSION REQUIREMENTS

(Revised 7-01-05)

ADHS will be assessed sanctions for noncompliance with encounter submission requirements. AHCCCSA may also perform special reviews of encounter data, such as comparing encounter reports to ADHS' claims files. Any findings of incomplete or inaccurate encounter data may result in the imposition of sanctions and/or requirement of a corrective action plan.

Pended Encounter Corrections

ADHS must resolve all pended encounters within 120 days of the original processing data. Sanctions will be imposed according to the following schedule for each encounter pended for more than 120 days unless the pend is due to AHCCCSA error:

0 – 120 days	121 – 180 days	181 – 240 days	241 – 360 days	361 + days
No sanction	\$ 5 per month	\$ 10 per month	\$ 15 per month	\$ 20 per month

“AHCCCSA error” is defined as a pended encounter which (1) AHCCCSA acknowledges to be the result of its own error, and (2) requires a change to the system programming, an update to the database reference table, or further research by AHCCCSA. AHCCCSA reserves the right to adjust the sanction amount if circumstances warrant.

Written preliminary results of all pended encounters will be sent to ADHS for review and comment. ADHS will have 45 days to review results and provide AHCCCSA with additional documentation that would affect the final calculation of sanctions.

When ADHS notifies AHCCCSA in writing that the resolution of a pended encounter depends on AHCCCSA rather than ADHS, AHCCCSA will respond in writing within 30 days of receipt of such notification. The AHCCCSA response will report the status of each pending encounter problem or issue in question.

Pended encounters will not qualify as AHCCCSA errors if AHCCCSA reviews ADHS' notification and asks ADHS to research the issue and provide additional substantiating documentation, or if AHCCCSA disagrees with ADHS' claim of AHCCCSA error. If a pended encounter being researched by AHCCCSA is later determined not to be caused by AHCCCSA error, ADHS may be sanctioned retroactively.

Before imposing sanctions, AHCCCSA will notify ADHS in writing of the total number of sanctionable encounters pended more than 120 days.

Pended encounters shall not be deleted by ADHS or the subcontractors as a means of avoiding sanctions for failure to correct encounters within 120 days. ADHS and the subcontractors shall document deleted encounters and shall maintain a record of the deleted CRNs with appropriate reasons indicated. ADHS and the subcontractors shall, upon request, make this documentation available to AHCCCSA for review.

Encounter Validation Studies

Per CMS requirement, AHCCCSA will conduct encounter validation studies of ADHS' encounter submissions, and sanction ADHS for noncompliance with encounter submission requirements. The purpose of encounter validation studies is to compare recorded utilization information from a medical record or other source with ADHS' submitted encounter data. Any and all covered services may be validated as part of these studies. Encounter validation studies will be conducted at least yearly.

The following reflects AHCCCSA's encounter validation study process and sanction policy. AHCCCSA may revise study methodology, timelines, and sanction amounts based on agency review or as a result of consultations with CMS. ADHS will be notified in writing of any significant change in study methodology.

AHCCCSA will conduct two encounter validation studies. Study “A” examines non-institutional services (form HCFA 1500/837P encounters), and Study “B” examines institutional services (form UB-92/837I encounters).

AHCCCSA will notify ADHS in writing of the sanction amounts and of the selected data needed for encounter validation studies. ADHS will have 90 days to submit the requested data to AHCCCSA. In the case of medical records requests, ADHS’ failure to provide AHCCCSA with the records requested within 90 days may result in a sanction of \$1,000 per missing medical record. If AHCCCSA does not receive a sufficient number of medical records from ADHS to select a statistically valid sample for a study, ADHS may be sanctioned up to five percent (5%) of its annual capitation payment.

The criteria used in encounter validation studies may include timeliness, correctness, and omission of encounters. These criteria are defined as follows:

Timeliness: The time elapsed between the date of service and the date that the encounter is received at AHCCCS. . For all encounters for which timeliness is evaluated, a sanction per encounter error extrapolated to the population of encounters may be assessed if the encounter record is received by AHCCCSA more than 240 days after the end of the month in which the service was rendered, or the effective date of the enrollment.. It is anticipated that the sanction amount will be \$1.00 per error extrapolated to the population of encounters; however, sanction amounts may be adjusted if AHCCCSA determines that encounter quality has changed, or if CMS changes sanction requirements. ADHS will be notified of the sanction amount in effect for the studies at the time the studies begin.

Correctness: A correct encounter contains a complete and accurate description of AHCCCS covered services provided to a member. A sanction per encounter error extrapolated to the population of encounters may be assessed if the encounter is incomplete or incorrectly coded. It is anticipated that the sanction amount will be \$1.00 per error extrapolated to the population of encounters; however, sanction amounts may be adjusted if AHCCCSA determines that encounter quality has changed, or if CMS changes sanction requirements. ADHS will be notified of the sanction amount in effect for the studies at the time the studies begin.

Omission of data: An encounter not submitted to AHCCCSA or an encounter inappropriately deleted from AHCCCSA’s pending encounter file or historical files in lieu of correction of such record. For Study “A” and for Study “B”, a sanction per encounter error extrapolated to the population of encounters may be assessed for an omission. It is anticipated that the sanction amount will be \$5.00 per error extrapolated to the population of encounters for Study “A” and \$10.00 per error extrapolated to the population of encounters for Study “B”; however, sanction amounts may be adjusted if AHCCCSA determines that encounter quality has changed, or if CMS changes sanction requirements. ADHS will be notified of the sanction amount in effect for the studies at the time the studies begin.

For encounter validation studies, AHCCCSA will select all approved and pended encounters to be studied no earlier than 240 days after the end of the month in which the service was rendered. Once AHCCCSA has selected ADHS’ encounters for encounter validation studies, subsequent encounter submissions for the period being studied will not be considered.

AHCCCSA may review all of ADHS’ submitted encounters, or may select a sample. The sample size, or number of encounters to be reviewed, will be determined using statistical methods in order to accurately estimate ADHS’ error rates. Error rates will be calculated by dividing the number of errors found by the number of encounters reviewed. A ninety five percent (95%) confidence interval will be used to account for limitations caused by sampling. The confidence interval shows the range within which the true error rate is estimated to be. If error rates are based on a sample, the error rate used for sanction purposes will be the lower limit of the confidence interval.

Encounter validation methodology and statistical formulas are provided in the *AHCCCS Encounter Data Validation Technical Document*. This document also provides examples which illustrate how AHCCCSA determines study sample sizes, error rates, confidence intervals, and sanction amounts.

Written preliminary results of all encounter validation studies will be sent to ADHS for review and comment. ADHS will have 30 days to review results and provide AHCCCSA with additional documentation that would affect the final

calculation of error rates and sanctions. AHCCCSA will examine ADHS' documentation and may revise study results if warranted. Written final results of the study will then be sent to ADHS and communicated to CMS, and any sanctions will be assessed.

ADHS may file a written challenge to sanctions assessed by AHCCCSA not more than 35 days after ADHS receives final study results from AHCCCSA. Challenges will be reviewed by AHCCCSA and a written decision will be rendered no later than 60 days from the date of receipt of a timely challenge. Sanctions shall not apply to encounter errors successfully challenged. A challenge must be filed on a timely basis and a decision must be rendered by AHCCCSA prior to filing a grievance pursuant to Article 8 of AHCCCS Rules. Sanction amounts will be deducted from ADHS' capitation payment.

Encounter Corrections

ADHS is required to submit replacement or voided encounters in the event that claims are subsequently corrected following the initial encounter submission. This includes corrections as a result of inaccuracies identified by fraud and abuse audits or investigations conducted by AHCCCSA or ADHS. ADHS shall refer to the Encounter Reporting User Manual for instructions regarding submission of corrected encounters.
